This letter is intended to recommend to you Mike and Bryn Kelly, staff, workers and those that we have worked with in Restoring Lives Ministry. They held a conference here at Christian Life Center/AG Eastgate this past October 2008. We found them to be extremely professional, caring, tireless, courteous and anointed.

The areas that they deal with are very sensitive and difficult and I don't know why someone would subject themselves to it unless they were called by God. The results are in the testimonies of the ones who have completed the seminar and have had their lives restored. I have seen these first hand not from hearsay.

If you are a Pastor who has counseled members of your church and maybe have said everything you can to people and they need maybe just that something extra, Restoring Lives could be a valuable aid to breakthrough for them. This ministry can be a tool, along with the other tools at your disposal, to bring wholeness to the church.

We have invited them to return again in April of this year 2009 to our church.

God knows,

Pastor Lonnie Inabnit
