Food Allergies, Asthma, High Cholesterol, Osteoporosis, Breast/Stomach Cancer

I have been with Restoring Lives ministry for 2-1/2 years. Before I came to a conference, I was alone, insecure and had severe low self-esteem. Friends here, and friends who have not discovered Restoring Lives International, have seen me grow inside and out. They have told me many times that my face was glowing. They could see that God had filled me with His Holy Spirit. I did not understand this at the time, but now I do. We're all family, and no matter what happens in our own lives, we have each other. I've attended many conferences and root groups and continue in the walk-out daily.

I had many food allergies, milk and milk products, chocolate, peanut butter, lettuce and leaf tea; asthma, high cholesterol, osteoporosis, I had foot surgery on my foot and toes. In May of 2001, I was diagnosed with breast cancer, I was healed. Last summer, my doctor thought the cancer was returning, a cat scan showed enlarged lymph nodes. Another scan showed that it was normal. The doctors checked and there were no signs of cancer anywhere. Before this, I attended a Todd Bentley meeting with the Restoring Lives team in Botkins, Ohio. I had three symptoms out of five for stomach cancer. God used Todd Bentley to call out the healing and I received it. Praise God!

If I eat in moderation, the allergies are under control, asthma was healed and I no longer need Flonase spray or Flovent inhaler. I no longer need to take Lipitor for high cholesterol, I was healed of that. I no longer need to take Actonel for osteoporosis, I've been healed. When I had the foot surgery, the doctor said I needed to wear the shoe boot for one year, but I only needed to wear it for six weeks. The doctor said I healed faster than expected, the Lord healed me.

On May 8, 2006, I was blessed with a car. I've made peace with God and have more faith in Him. My blessings keep pouring out.

Before this ministry, I was not too much of a reader, but now I buy books from the book table and enjoy reading. I finish every book I read from cover to cover.

God is opening doors for me where I never thought He would before, and I'm hearing His voice. I thank God every day.
