

Your freedom starts today...

You have nothing to lose, and everything to gain!

Restoring Lives International (RLI) is a healing, teaching and equipping ministry. Our passion is to share God's goodness and bring hope and freedom back into people's lives. Using sound biblical principles and cutting-edge medical research, we show how our toxic thoughts, emotions and attitudes can affect our physical, emotional, and spiritual health.

RLI teaches biblical "life tools" that bring positive and successful life changes.

We highly recommend an RLI conference if you are:

- Suffering from fibromyalgia, chronic fatigue, allergies, chronic pain, arthritis, diabetes, or other illnesses;
- Struggling with depression, fear, anxiety or addiction;
- Dealing with difficult or broken relationships;
- Finding it hard to break free from past hurts;
- Seeking to experience more of God's love.

Thousands of lives and relationships have been healed and restored as a result of this powerful ministry.
